# SPEA

SPEA is a non-profit environmental NGO whose mission is to study and protect birds and their habitats, while promoting sustainable development that ensures the preservation of natural heritage for the benefit of future generations

- 🌿 We have offices in Lisbon, São Miguel (Azores), and Funchal (Madeira), and we also work on international projects.
- 🌿 We currently have more than 4,500 members.
- 🌿 Around 500 volunteers take part in our projects each year.
- 🌿 We are the BirdLife International partner in Portugal.
